

## EVOLV

IN A TECHNOLOGY INTENSIVE ENVIRONMENT, performance and flexibility are critical to success. An industry favorite for its strength and durability, Evolv represents the heart and intelligence of our trading desk product in its most comprehensive form.

With the priority of maintaining the integrity of each client's vision, Innovant seamlessly integrates Evolv with custom design for a final product that meets each client's specific functional, aesthetic and ergonomic requirements.

The strength of Evolv's proprietary slatwall holds hundreds of pounds of monitors without the slightest vibration. A wire management system provides easy access for IT. And like our complete product line, Evolv is built of the most durable materials with a choice of hundreds of standard and specialty finishes.
